PANAMA AFFAIRS.

Columbian Agent in Paris Takes Important Step to Prevent Sale of Canal.

FRENCH TRIBUNAL APPEALED TO.

He Was Assured That There Was Good Grounds For Believing the Transfer Could Be Prevented.

Colombia Asserts That the French Canal Co. Can Not Lawfully Dispose of Its Rights Without Her Consent.

Washington, Jan. 8.—Notice of an important step taken by an agent of the Colombian government in Paris was received at the Colombian legation here Thursday in a dispatch to Dr. Herran, the charge d'affaires. It was to the effect that a French tribunal had been appealed to with a view to preventing the transfer of the Panama Canal Co.'s rights of the isthmus to the American government without the consent of Colombia. Counsel for the Colombian government, according to the dispatch, assured the agent he thought there was good ground for believing the effort to prevent the transfer would be successful.

The step taken, it is understood, is with the full cognizance of the Colombian authorities and was instituted by an agent of the government who left this country after consultations with Gen. Reyes and Dr. Herran. The end sought to be attained is to frustrate the sale of the concessions, franchises and property of the canal company to the United States, preparations for which already have been under way, the amount to be paid by this government being \$40,000,000. Colombia asserts that the company can not lawfully dispose of its rights without her explicit consent. Such consent was expressly given in the Hay-Herran treaty which failed of ratification by the Colombian congress. The action of the Colombian authorities caused considerable surprise here when it became generally known.

MINISTER BEAUPRE ARRIVES.

He Says There is Little Danger of War on the Isthmus.

Washington, Jan. 8.—Minister Beaupre arrived here Thursday. Mr. Beaupre was able to tell Secretary Hay that the reports about the safety of the American legation in Bogota had been greatly exaggerated. Mr. Beaupre also said that in his opinion, judging from the quiet conditions prevailing at the Colombian capital when he left that place, there was little danger of war on the isthmus. The minister being accredited to the Colombian government was not inclined to comment on conditions there, but it was gratifying to the administration to learn from him of the courtesy with which he had been treated and the honor shown him at his departure. The minister does not attempt to minimize the high feeling prevailing in Colombia regarding isthmian affairs, but he believes that the people of the republic are beginning to realize the situation and what war would mean, and in his opinion war is altogether improbable.

NOTE TO GEN. REYES.

It Treats of the Issues From the American Standpoint.

Washington, Jan. 8.—The note sent by Secretary Hay to Gen. Reyes Thursday, it was learned Thursday night, consists of 37 typewritten pages and about the same length as the communication transmitted by the Colombian minister to the state department setting out Colombia's grievances. It takes up in detail the several issues raised by Gen. Reyes and treats them fully from the American standpoint.

It is expected there will be further prompt exchanges between the two governments, the basis for them already having been laid by communications from Gen. Reyes to the state department. So far as could be learned Thursday night Gen. Reyes has not yet made any arrangements to depart from Washington.

THE REBATING EVIL.

New Insurance Commissioner Takes a Stand Against It.

Frankfort, Ky., Jan. 8.—The new insurance commissioner for Kentucky, Henry R. Prewitt, has taken a decided stand against the rebating evil, as he terms it, in the writing of life insurance. In a letter addressed to all agents doing business in the state he, in part, says:

"Section 754, of the Kentucky statutes, gives me the right as insurance commissioner of Kentucky, to take evidence upon this question, and it will be my purpose and intention to enforce the anti-rebate law in this state during my term of office. This statement is to give due notice to all agents working in Kentucky that the insurance laws of the state must be strictly observed; that I stand ready to uphold the hands of all companies and agents working in the right direction and that I shall do what I can to punish those who violate the law, and any company that winks at my attempt on the part of any of its agents to evade the law."

INQUEST BEGINS.

One Dozen People Appeared Before the Coroner's Jury, Chicago, as Witnesses.

MERITS OF ASBESTOS CURTAINS.

If Subjected to an Extremely High Heat They Would Lose Their "Life" and Crumble.

The Four Unidentified Victims of the Fire in the County Morgue Will Likely Be Buried by the City of Chicago.

Chicago, Jan. 8.—One dozen people appeared as witnesses in the coroner's inquest over the victims of the Iroquois theater fire which opened Thursday in the city council chamber in the city hall.

No person was admitted to the council chamber without an order or a subpoena from the coroner. Even members of the city council who applied for admission were turned away. The chief witnesses of the day were Eddie Foy, the comedian, of the "Mr. Bluebeard" company, and George W. Stetson, a representative of the company which manufactured the asbestos curtains. The evidence of Mr. Foy did not differ greatly from the statements which have been published heretofore concerning his action on the day of the fire.

Mr. Stetson and Coroner Traeger became involved in a lengthy discussion as to the merits of asbestos curtains during which Mr. Stetson admitted that asbestos curtains if subjected to an extremely high heat would lose their "life" and crumble. When shown a portion of the curtain brought from the theater he declared that it evidently had been subjected to a very high temperature, but that he could not say as to whether it had endured a sufficiently great heat to cause it to crumble. He declared that in his opinion the greater portion of the asbestos curtain in the Iroquois theater was still in good condition and expressed himself as anxious to make experiments to prove the truth of his assertion.

It is believed that the bodies of those killed in the Iroquois theater fire now remaining in the county morgue will not be identified and in a short time they will be buried by the city of Chicago. The bodies are four in number, two being women and two boys. The police have received numerous reports of missing people but none of the descriptions tally with those of the bodies now in the morgue.

The investigation into the safety of places of public assembly still continues and but few of them are able to meet the requirements of the law. Building Commissioner Williams Thursday issued orders closing 15 additional halls. The Coliseum, in which the national republican convention will be held, was Thursday declared safe and entirely fireproof and was allowed to open.

MAYOR CARTER HARRISON.

It is Reported That He Has Received Threatening Letters.

Chicago, Jan. 8.—During all of Thursday and Thursday night there were three and four policemen about the residence of Mayor Harrison, and the story was circulated that the mayor had received threatening letters on account of the Iroquois theater disaster and had asked for a special detail of policemen. Police Inspector Campbell was reticent about the matter and Mayor Harrison denied that he had asked for police protection.

Confined to a Bed For Which Another Was Imprisoned.

St. Louis, Jan. 8.—Apparently conscience stricken and his mind aflame with religious ardor, William Wilson, 32, a Salvation army recruit, walked into police headquarters Thursday and confessed that on July 5, 1901, he had set fire to the Occidental hotel in Forsythe, Mont., which resulted in the death of one person and injuries to 20 others.

Wilson declared that another man is now in the penitentiary, serving a sentence for the deed and that it is to ease his own conscience and give this man his freedom that he surrendered himself.

Wilson said that he did not fire the hotel intentionally, but that he accidentally dropped a burning match in the hallway and when he saw the flame spring up, he ran instead of raising the alarm. He fled straight to St. Louis and later learned that another man had been sentenced to the penitentiary on circumstantial evidence and recently while attending a Salvation army meeting he broke down and confessed to an army captain.

Two Salvation army officers accompanied Wilson to the police station. He is being held by the police and notification has been sent the Montana authorities.

Princeton, N. J., Jan. 8.—Ruth Folsom Cleveland, the eldest daughter of ex-President Grover Cleveland, died of heart failure at 3 o'clock Thursday morning at "West End," the Cleveland mansion, on Bayard lane. Four days ago the child was taken ill with a sore throat, which later developed into a mild attack of diphtheria. Dr. Wickoff, the Cleveland family physician, was in attendance, and the progress of the disease seemed to have been checked. Wednesday night, however, there was a change for the worse, and despite every effort the child died at 3 o'clock. Ruth Cleveland was born in New York in 1891 during Mr. Cleveland's first term, and was 12 years old last October. She had never had any serious illness before, and the news of her sudden death came as a shock to the friends of the Cleveland family. Miss May Fine's school, which Ruth and her two sisters attended, was closed Thursday morning for a week as a mark of respect to the dead child.

IN THE SENATE.

Mr. Morgan Makes a Reply to Mr. Lodge's Speech.

Washington, Jan. 8.—Senate—Mr. Morgan occupied the time of the senate Thursday in a reply to the speech of Mr. Lodge, delivered last Tuesday. Mr. Morgan again criticized the president and the attitude of this government in connection with the Panama republic. Mr. Morgan said that if the United States should withdraw from the isthmus, Colombia would quickly drive out the few revolutionists and their supporters.

Constant telegrams are passing between M. Pavloff, the Russian minister to Korea, Baron De Rosen, the Russian minister to Japan, and Viceroy Alexieff.

The Daily Mail's Tokio correspondent says: Gov. Taft had a secret conference with the Marquis Ito Thursday afternoon at United States consulate at Yokohama. I understand that Gov. Taft assured the marquis that the United States will observe a friendly neutrality towards Japan in the event of war and that if necessary it would grant the use of American ports in the far east to the Japanese fleet.

London, Jan. 8.—A dispatch from Tokio to Reuters Telegram Co. says that the contents of the Russian reply are kept secret, but that in best informed circles the impression is that it is unsatisfactory. LINENS THAT LAST

They are the kinds you should get FIRST—and this linen store makes it delightfully easy. Every week brings recruits to an already superb stock—linens that are ALL LINENS to begin with, and of every grade for household purpose. Whether they shall be simple for daily use, or elaborate for state occasions, depends on you—we're ready to meet any demand. To-day a word of fancy linens.

Luncheon Cloths.

A few hand embroidered Hungarian table covers in two colors blue.

Damask Luncheon Cloths, or table covers, border designs with plain or figured center, edges neatly hemstitched, full 36 inches square, a half dozen qualities between 75c and \$2.

Carvers and Tray Covers.

Heavy linen prettily hemstitched, 18x27 inches 25c. Same size, finer linen, double row of hemstitching 35c. Double damask carving cloths 20x30, "shower of hail" center, Greek border hemstitched, 50c.

Towels—Huckabacks.

Some Huckabacks for lively business. The first purchase of the season on the strength of prices that justified changing big quantities. We depend on the value—for the price—to move the lot quickly. Great big 18x36 inch huckabacks for 10c. A bigger and better for 12½c. A wonder for 15c., and a can't-be-equalled towel for 19c. These prices are like showing frames to sell a picture. It is the towels you must see—the size, texture, weight, weave—before you can appreciate their merits, and the money saving in prices quoted.

By the Pound.

Don't often quote prices, by weight, in a drygoods store. Do you know anything about Whiting's paper? Yes?

Then we need say no more beyond the bold statement we are selling it now, in white or blue, for 25c. a pound. Match envelopes 10c. package. If you don't know Whiting paper, this is the acceptable time for an introduction.

Winsome Waistings.

Isn't a waist that combines style, daintiness, comfort and economy, the essence of satisfaction? All this—and more—you'll find in a waist made from the flannel piques we are selling at half price. White striped with fast color, reds, blues and pinks. They are as warm as flannel, wash like linen and wear like iron. 25c. yard instead of 50c.

Handsome damask vestings that have been selling for 50c., 60c., 75c. now 39c. yard. Large assortment of patterns.

Towels—Turkish.

Just the kind for a glowing rub down on cold mornings. Empty promises have no part in this towel program. These are facts. For 12½c. big hemmed bleached Turkish towels, 18x40 inches. For 15c. heavy unbleached hemmed Turkish towels, 22x45 inches.

Towels—Damask.

25c. towels! Sounds like a tame statement. Compare value and price. It will clinch all argument. Snow white damask towels of silky flax, bordered and fringed, or hemstitched.

Linens For Embroidery.

Fine Irish linen stamped for embroidery. Center piece size, floral designs with scalloped edge. Were 50c. and 75c. Now 25c.

Fancy Linens.

Battenberg, Mexican, Tenerife, imitation Mt. Mellick and lace doilies both large and small. Some are soiled from decorative use, but there are no real hurts. 39c. doilies 25c. 50c. doilies 35c. 69c. doilies 50c. \$1 doilies 75c.

Remnants.

If we let short ends accumulate in any stock we'd soon be swamped with short ends. There is always a big collection after the heavy fall selling. To weed them out we've marked them at prices a third to a half less than regular.

Remnants in silk, colored and black wool fabrics, table linen, ribbons, laces, embroideries, outings, percales, bleached and unbleached cottons, shirtings and white waistings.

Your Money Back.

Don't forget your change. You get back a quarter on the dollar when you buy a pair of our reduced corsets. Nothing wrong with the models either. Two lines on which we're overcrowded, that's all. Several different styles in each line, so all figures are certain of something to fit. A good many \$1½ models are in the lot but the \$1 grades predominate. Another line of 75c. corsets, one model, three sizes 22, 23, 24, now 39c.

Black Fabrics at Less Than Half.

We sell so as to sell again. If you watch your spendings examine these—to pass the offering will be an injustice to your pocket-book.

Plain and figured black dress goods. Was \$1.75 to \$2.25 yd. Now 75c.

Plain and figured black dress goods. Was \$1 to \$1½ yd. Now 50c.

Black lace acetamine. Was \$1. Now 50c. Black bordered nun's veiling. Was \$1½. Now \$1.

Black silk striped voile. Was \$1.25. Now 75c.

Doing Beats Promising.

Don't merely read about this bargain, see it. The quality and price seem all out of harmony.

Kid Gloves—Black, tan, brown. Two clasp or button. 69c. instead of \$1 or \$1.25. Gold Gloves—Black, white, mixtures. 35c. were 50c. 25c. were 35c. 15c. were 25c.

Some Velvets.

More cheapness of the real sort. Low prices on goods wanted NOW—goods of this season, new and handsome. The value of a bargain lies in other things than price only and the longest memory of bargain events can't better this.

\$1 Printed Velvets 50c.

75c. Narrow rib Corduroy 25c.

\$1 Plush, very heavy, 25c.

Of Course It's True.

Why waste money in advertising if it

isn't? Maysville shoppers are too discerning to tolerate humbug. \$1, \$1.25, \$1.50, \$1.75 striped taffeta silks in perfect condition, 50c. yd. Mostly waist lengths. We mentioned these silks earlier in the sale and the skirt lengths are nearly all sold.

The Trimming's Adieu.

The Trimming Sale of the Clearance Sale. The goods are the sort that will be wanted this spring and summer. Prices are 30 per cent. 40 per cent. 50 per cent. off. And that's honor, not dishonor to the goods. The best get most quickly in the bargain list. Lots that are broken, ends that are short. That's all. Thus they go—

Black or white, black and white, gold and white novelty braids that were 19c. to 75c. yd. now 10c. to 35c.

Black Chiffon Appliques. Were 50c. to \$1.25. Now 25c. to 75c.

Colored Novelty Laces. Were 75c. to \$1½. Now 50c. to 89c.

Black Venice Applique, Medallions and galoons. Were 25c. to \$2. Now 15c. to \$1.25.

White Crochet, Point de Gene, Cluny and Venice Edgings, Bands, Appliques and Medallions. Were 35c. to \$3. Now 15c. to \$1½.

Some handsome allover laces in black or white at these prices:

\$1.25	75c.
1½ and \$1.75 Qualities	\$1.00.
2.00	1.25.

A Musical Feast.

Professor Milton Mawhorter, of Culver, Ind., entertained an appreciative audience at John I Winter & Co.'s show rooms last evening with a delightful piano recital, assisted by "John L." that "Prince of operators" of the Pianola. The Professor also gave an exhibition of his skill on the organ, an ordinary five-octave affair responding wonderfully to his magical touch, being made to imitate closely the grand melodious pipe instruments.

Professor Mawhorter is a composer of note, his productions being eagerly sought by music publishers. Three of his latest compositions, yet in manuscript, two of which are dedicated to local institutions, were played last night for the first time in public, being much admired by those who claim to be competent judges. One very pretty piece that was especially well received is entitled the "Culver Cadet March."

Professor Mawhorter is here under special arrangement with John I. Winter & Co., and will remain another fortnight.

John T. Jackson, a prominent merchant of Augusta, shot himself with suicidal intent. His wound is fatal. He had been suffering greatly from a cancer of the face.

The funeral of Mrs. Ibbie Mitchell took place Thursday morning at 11 o'clock, the interment following in the cemetery at Washington. She died Tuesday at the home of Mr. Wm. Mitchell on the Kenton Station pike.

Mrs. John Ward, of Bracken, was summoned Tuesday to New Mexico in response to a message stating that her husband, who is there for his health, was in a critical condition. Their son, Reynolds, was recently killed by a C. and O. train at Augusta.

An investigation which has been going on for some time by the C. and O. officials about an accident which occurred near Manchester has resulted in the dismissal of Wm. Clements, one of the oldest and best engineers on the road. He had been in its employ ever since the road was built and had what was known as the best run of any of the engineers, receiving a salary of \$177 per month. A misunderstanding of orders is said to be the cause of the dismissal. Clements had charge for years of the engine known as "the mankiller."

The Old Year and the New.

Just now it is fitting that we express our appreciation of the highly satisfactory business which has been accorded us during the past year. We thank our patrons for their interest and loyalty, and while expressing appreciation, we wish, also, to extend our best wishes for a New Year of happiness and prosperity for all. J. HENRY PECOR.

DEATH'S HARVEST.

J. H. Rains, One of City's Successful Business Men, Passed Away Thursday.

Final Summons Comes to Miss Ann Wurts, Whose Health Had Been Failing Over a Year.

Mr. J. H. Rains died Thursday evening at 5:55 o'clock at the family residence on West Third street, of dropsy. He had been in failing health for about three years and for some time his condition had been recognized as hopeless.

Mr. Rains was born in a double frame house on Maddox avenue adjoining the present family residence, and was eighty years of age. For fifty-two years he had lived in the house in which he died.

During the greater part of Mr. Rains' life he was prominently identified with the business interests of Maysville, as a member of the grain firm of J. H. and J. M. Rains and the tobacco firm of J. H. Rains & Sons. No citizen of Maysville stood higher in the esteem of the community, and after a life well spent, at the ripe age of eighty years, he has been called to his reward. Mr. Rains was an ex-member of the City Council, and the public never had a more faithful and watchful guardian of their interests.

Deceased leaves six children,—Mrs. Q. R. Shipley, Mrs. Wm. Oridge and Mrs. J. A. Curtis, of the county, and James M., John C., and Miss Sallie N. Rains, of this city. He was married twice, his first wife being Miss Susan E. Bullock and his last Miss Mary E. Bruer, both of whom preceded him to the grave.

The funeral service will be conducted by Rev. Dr. Barbour Sunday at 2 p. m. at the First Presbyterian Church of which deceased had long been a faithful member. Mr. Rains was also one of the oldest members of Ringgold Lodge No. 27, I. O. O. F., and the lodge will have charge of the services. Interment in the Maysville Cemetery.

MISS ANN WURTS.

A telegram Thursday announced the death of this good woman at the home

of her sister, Mrs. Sturgis Biggs at River-ton, Ky. She had been in failing health over a year as a result of a complication of diseases. The end came Thursday at 9 a. m.

Miss Wurts was born in Greenup, and was about fifty-eight years of age. She was a daughter of the late George Wurts, and leaves three sisters and one brother, Mrs. Sallie Russell, of West Virginia, Mrs. Alice Biggs, Mrs. Mary Peters and John Wurts of Greenup. She was also a sister of the late Mrs. B. A. Wallingford, of this city, and was for a long time a member of Mr. Wallingford's family. Miss Wurts was a consecrated Christian woman, and her many friends learn with deep sorrow of her death.

The remains were brought here on the 8:50 train this morning and laid to rest in the Maysville cemetery after short funeral services at the grave by Rev. Dr. Barbour.

The funeral of the late Harry Cone takes place this afternoon at 1:30 o'clock at the home of his mother 138 East Fifth street, Rev. M. A. Banker officiating. Interment in the Maysville Cemetery.

Week of Prayer.

The service to-night will be held at the Christian Church, with Rev. Dr. Barbour as leader. Subject "The Family and the School." In addition to the usual song service there will be solos by Miss Hannan and Dr. Smoot. The latter by request will sing "Tell Mother I'll Be There," based on the late President McKinley's message to his mother in her last illness.

John Duley, as agent of S. N. Robinson, has sold to Martin Cooney, a farm of seventy-two acres in Charleston Bottom at \$65 per acre. Mr. Duley has a farm of fifty acres near this which he will sell at a reasonable price. If you want it come at once.

George Newton, the two-and-a-half-year old son of Mr. and Mrs. Shell L. Thomas, who moved from Dover to Hamilton, O., a few months ago, died at that place Tuesday.

'Tis An Ill Wind That Blows No One Good.

Cold winds are severe, but good for the coal man.

Hot winds are distressing, but good for the ice man.

Fever winds are dangerous, but good for the doctor man.

Sleazy winds delay freights, but are good for the purchasing man.

Our loss is your gain!

An ill wind so delayed matters that a car of pianos reached Maysville, Ky., Friday, January 1st, instead of December 18th. Many of these pianos were ordered for Christmas presents, and the disappointment was great! 'Twas an ill wind indeed! But entirely beyond the control of John I. Winter & Co. 'Tis no use to cry over spilt milk, so we cheerfully say our loss is your gain! We unloaded this car of pianos and they are now occupying the entire one-half of our first floor! They cannot remain there. We can't and will not give so much valuable space to pianos. The profit is not great enough. This space is needed for other goods in which there is a decent profit. Here is where the ill wind does you good.

These pianos are the justly famous Smith & Nixon line, strictly high-grade instruments. Quality is the only consideration in buying a piano. A poor instrument is dear at any price, and a Smith & Nixon is a bargain, no matter how high the price! For many years conservatories of music and professional performers all over the world have recognized the bell-like tones of Smith & Nixon's pianos, until the amateur purchaser has learned to demand a Smith & Nixon instrument regardless of price, and that accounts for our tremendous piano sales in the last two years. For the first time in the history of these veteran pioneers of the piano industry price is made an object.

These pianos must get out of our house quickly. We must have the space that this car occupies for other goods.

We herewith institute a piano sale that will make history for Maysville! Fifty years from now, citizens will refer to the car of pianos that reached John I. Winter & Co. too late for Christmas trade! Our word has gone forth, and you well know that we always make good.

Your credit is good, very good! These pianos must go. If you haven't the money, pay us \$10 per month. Price is not considered. The only consideration is the distressing fact that we must have this room now. If you ever in your whole life expect to buy a piano, now is certainly the time!
